Frequently asked questions

1) Can you print on a glass?

Yes we can. We can offer various printing methods: screen printing, hot stamping, decal attachment, frosting, sandblasting, etc.

2) Can we get free samples about glass?

Yes, you can. Our sample is only free for customers who confirm the order. But fret for express is on the buyer's account.

3) Can you combine many items in one container in my first order?

Yes we can. But the quantity of each ordered item should be up to our MOQ.

4) If there is a quality problem, how can you solve it for us?

When discharging a container, you should check all the cargo. In the event of a product defect or defect, you must take a picture from the original cardboard. All claims must be submitted within 15 working days after discharge. This date is subject to the arrival time of the former.

5) why did you choose us?

1. We have rich experience in trading glassware for more than 20 years and the most professional team.
 2. We have 10 production lines and can issue 15 million pieces per month, we have a strict process allowing us to maintain acceptance rate of over 99%.
 3. We work with more than 1800 customers in about 80 countries.
- 6) What about your MOQ?

Different types of products will be different MOQs, for some glassware in stock, small orders are acceptable.

7) How many people are in the R & D you?

We have 5 professional designers, and they will develop 15 innovative designs every month.

8) Can you give me a discount on the price?

The price depends on your quantity, if you want a good price with a small order, you can make more quantities at any one time, and leave it in our warehouse, we will store the stuff for you until you need it.

9) Your products can be used in microwave and oven?

High borosilicate glass and high temperature use up to 500 ° C, so it is very safe to use in microwave and oven.

10) Is your product safe for daily use?

Of course, all our products pass quality certification, FDA, SGS, CA pro 65, CE, so please do not worry about that.

Welcome to your inquiry and look forward to working with you soon
