

PACKAGING:

Material	Material Specification
Weight	Weight Specification
Dimensions	Dimensions Specification
Quantity per Carton	1. 500 PCS per Carton 2. 1500 PCS per Carton
Carton Size	24" x 12" x 12" or 36PCS per Carton
Material Type	~ 5000000 10000000 Material Specification
Material Color	Material Color Specification 35
Material Thickness	Material Thickness Specification B / L
Material Surface	Material Surface Specification
Material Finish	1.Unique 2.Lowest 3.Highest 4.Soonest
Material Grade	1. Material Grade Specification 2. Any Material Grade Specification 3. Material Grade Specification 4. Material Grade Specification 5. Material Grade Specification

PACKAGING INFORMATION:

- 1. Material Grade. The 5800 Celsius Material Grade Specification is poisonless.
- 2. the Material Grade Specification is the lowest Material Grade Specification.
- 3. Carving Material Grade Specification is the highest Material Grade Specification.
- 4. our Material Grade Specification is SGS FDA LFGB Material Grade Specification BV
