Belgian brand BergHoff will showcase its award-winning lines at the show, including its Ron range, which has secured two Red Dot Design awards – for the knives and cast iron collection. In fact, five of its latest collections have secured Red Dot Design awards, including its latest line, Leo, for the pizza prep set and the ravioli set.

With Leo, BergHoff brings playful colours, pure shapes and soft textures to the kitchen. Wooden handles versus synthetic ones, soft-touch materials opposed to stainless steel, cork and bamboo fibres. The company's in-house designer Pieter Roex chose each resource to demonstrate its particular qualities in function and design – “an approach that caught the eye of the Red Dot Design jury who promptly honoured the ravioli stamps and the pizza set with the Red Dot Design award,” says president Raf Vanthoor.

Delighted to be collaborating again with German award-winning designer Ralph Kraemer, BergHoff has recently launched nine new cutlery collections combining classical characteristics with contemporary design features. During the show, Vanthoor says his aim for this year is to “bring a new perspective to the kitchen.”
