

Gogal Keselamatan Telus Kacamata Kacamata telus untuk perlindungan coronavirus

Protect against wind and shock

Comfortable design has no pressure on the bridge of the nose

— • Why Choose Us • —

Can wear myopia
glasses inside

Protect against wind
and shock

Plain PC transparent
lens

Suitable for large
face

Breathable flank
protection

Tether holes can be
tethered to prevent shedding

— • Specifications • —

Title : safety goggles

Material : Polycarbonate PC

Color : transparent

Size : 150*55*120mm

Standards : European standard EN166

Weight : 42g

Function : Windproof, dustproof, splashproof, shockproof

Production level : Anti-high-speed particles 45 per second impact

Application : industrial place, laboratory, outdoor sports

— • Descriptions • —

Nose Frame

Comfortable design has no pressure on the bridge of the nose

Wide vision

Large frame transparent design, practical and generous, high definition, vision up to 180 degrees wide

Humanized design

Can overlay wearing myopia glasses

Protect against wind and shock

The lens are made of PC material ,
Windproof, dustproof, splashproof,
shockproof, Anti-high-speed particles
45 per second impact

Breathable flank

Wide and breathable design on both side of frame, wearing comfortably

Tether holes design

Tether holes can be tethered to prevent shedding
