检验员: 周宗文

All the test items are **qualified**

— • Fitting instructions • —

Step1:

Cup the respirator in your hand with the nasal splint up and away from you

Step2:

Position the respirator under your chin and pull the bottom strap around the neck below your ears

Step3:

Pull the top strap over your head resting it high at the top back of your head

Step4:

Place your fingertips of both hands at the middle of the nasal splint. Mould the nasal splint to the shape of your nose. Mould with a single hand may lead to bad seal of the respirator.

— • Take off instructions • —

Step1:

Slowly pull the straps away with your hand. Do not touch the contaminated surface of the mask

Step2:

Fold the mask in half

Step3:

Put the mask in the airtight bag and throw it into the trash bin

Warning !!!

The dust-proof effect will not be achieved by the wrong methods
